

PRESS RELEASE- For Immediate Release

Dr. Cheryl-Marie Hansberger Receives Member of the Year Award from the Inland Empire Chapter of Women in Transportation (WTS-IE)

Inland Empire, CA, January 26, 2012 – Delcan, a multi-disciplinary engineering, planning, management and technology firm, is pleased to announce that Dr. Cheryl-Marie Hansberger, vice president of corporate development, was recognized as 2011 Member of the Year by the Inland Empire Chapter of Women in Transportation (WTS-IE).

Dr. Hansberger is an instrumental source of creativity and leadership for WTS-IE. She joined WTS-IE as a member of the Recognitions Committee in 2005 and since 2007 she has served as committee chair, responsible for recognizing members' achievements and streamlining the awards process.

In addition to her work within the Recognitions Committee, Dr. Hansberger also provides leadership on the annual committee chair selections, provides organizational development for the Chapter and direction with the Chapter's charitable contributions. She is active in the Mentorship Committee and took on the important task of amending the Chapter By-Laws.

"Cheryl-Marie's tireless efforts, wonderful work ethic and overall charisma, not only make her a great asset to WTS-IE, but also a joy to work with," said Stephanie Guida, WTS-IE 2012 President. "We are grateful for the contributions she has made to our Chapter and look forward to her continued leadership as the Chapter's Scholarship Chair in 2012."

Dr. Hansberger received her Bachelor's Degree from California State University, San Bernardino, her Master's Degree from Azusa Pacific University and her Doctorate from the University of La Verne.
